Kindly note: Depending on our flight arrival time we may **visit Kirstenbosch Botanical Gardens** upon arrival for a brief walk through the gardens. **(In-flight Meals / D)**

Day 04:

Our day begins, with a tasty buffet breakfast. We now meet our English Speaking Guide for the beginning of our exciting **Half Day South African Winelands Tour.**

Stellenbosch lies in a fertile valley surrounded by vineyards, orchards and mountains. The gracious blend of 18-century Cape Dutch, Georgian and Victorian buildings is evident as we stroll down Dorp Street, where massive Oaks still shade original water furrows, then head for one of the nearby wine estates for a **Wine Tasting Session.**

Day 04: Cont'd

If time allows, we may also make a stop at **Oom Samie Se Winkel** (if time allows) which is not really a museum, but when entering the over 100 year old grocery store, you will feel like you've been transported back to the Victorian era!

We now depart Stellenbosch, and travel to the **Milnerton Lighthouse** for a photographic moment to capture the highest peak in Southern Africa, Table Mountain.

The remainder of the day is at leisure, set aside to relax or explore the city's Famous Waterfront or Canal Walk – or you may like to enjoy one of the biggest Malls! The choice is yours! This evening, you may like to join Ron, as he takes the hotel shuttle over to a local restaurant in the Victoria and Alfred Waterfront area. **(B)**

Day 05:

Following our delicious breakfast, we depart from our hotel, with a relaxing **full day to tour** the ruggedly **beautiful Cape Peninsula** via the Atlantic Seaboard.

This tour travels at a pace that allows you to explore the beauty of the Cape Peninsula. Depart for the **Cape of Good Hope Nature Reserve** along one of South Africa's most scenic & popular routes via **Sea Point, Clifton, Llandudno and Sandy Bay to Hout Bay**.

Continuing over the **impressive Chapman's Peak Drive**, one of the world's most spectacular and scenic routes.

We continue to the **Cape Point Nature Reserve** where we will **"take the magic carpet ride" on the electrically powered funicular railway called the "Flying Dutchman"**. When you look across the vast ocean, you will get the strange feeling that you are at the end of the world!

We will also drive through the **Cape of Good Hope Nature Reserve** & enjoy one of the most famous views in the world, **False Bay**. Moving on to the **Cape of Good Hope** which is the **southernmost tip of the Peninsula**, where (by tradition) two marine ecosystems meet (**the Indian Ocean meets the Atlantic**). A true highlight.

Day 05: Cont'd

We will have time for a relaxing lunch (own expense). We drive through the quaint village of **Simon's Town**, a historic naval base, Fish Hoek and Muizenburg.

On our return to Cape Town, we enjoy a leisurely stroll through **Kirstenbosch Botanical Gardens**. We will see some of South Africa's **most spectacular flora**. **Kirstenbosch Botanical Gardens** boasts a variety of over 6,000 different plant species.

Upon our return to our hotel, we will have time to relax or enjoy a happy hour. This evening, why not try one of the many restaurants at the V & A Waterfront. **(B)**

Day 06:

This morning after breakfast we will enjoy a short walk to the Clock Tower in the V & A Waterfront. Here, is the beginning of our **journey via boat to Robben Island**, world famous for **prison that housed Nelson Mandela**, for many years.

The island's history includes its being used as a sheep farm, a penal settlement, a leper colony, a pauper camp, and infirmary, a mental asylum and a high security prison, where many political prisoners, including South Africa's previous president, **Nelson Mandela** spent many years working in the harsh lime quarries. In addition, we **visit the infamous Maximum Security Prison**.

We may **spot wild buck**, which are inhabitants of this remote island. From Robben Island, we will have **fantastic photographic opportunities for pictures of Cape Town and Table Mountain**.

We return to the mainland and board our coach and to start our journey eastwards along the India Ocean passing by Gordon's Bay to the quaint town of Hermanus.

En-route we stop at **Stony Point** for close encounters with another colony of the Cape's adorable creatures – **African Jackass Penguins**.

Hermanus, is in this town that we will experience the delightful local culture, small restaurants, numerous shops, and perhaps hear the sounds of the **"Whale Crier"** signaling the arrival of the **Southern Right Whales** in the bay.

WE HAVE AN OVERNIGHT STOP IN HERMANUS WHERE WE CAN ENJOY WHALE WATCHING

Hermanus, is a popular resort town situated between mountain and sea, has gained world-wide recognition as the world's foremost land based whale watching destination.

The Southern Right Whales are seen in the bay and surrounding area from July through to November.

Villages in the UK have town criers; Hermanus has its very own **Whale Crier**, and, what's more, Hermanus lays claim to the only whale crier in the world. It's no surprise then to discover the whale crier whose job it is to alert everyone to the whales' whereabouts. There is a whole series of horn blows that given to indicate different points along the coastline and the number of whales spotted.

The Old Harbour complex in Hermanus offers the visitor an insight into Hermanus' past as a Fisherman's village and marine life. Hermanus and neighbouring towns Onrus and Stanford, are the residence of a variety of artists, from watercolors, to writers, potters and crafters. Excellent jewelry is produced and crafts of a high standard can be purchased at the popular Craft Market at Lemm's Corner. **(B)**

Day 07:
Following breakfast, we depart from our hotel & travel eastwards along the scenic coastal route. We enter the **spectacular Garden Route** at Heidelberg and take a leisurely drive via Riversdale, established in 1838, and Albertinia, where the Aloe Factory extracts aloe juice and gel for use in medicine and skin care products.

Day 07:

We continue via the **seaside town of Mossel Bay, and St. Blaize lighthouse** is one of the only two manned lighthouses on the South African Coast.

We will **visit the Maritime Museum** which focuses on the sailing and ships of the early days of discovery, home to the impressive life-size replica of Bartolomeu Dias's Caravel, the ship in which he sailed into Mossel Bay in the year 1488. It also displays ship models of a bygone era, route maps to the East.

Day 07: Cont'd

Another **must see stop is the Post Office Tree**. One of the most popular attractions is the **Post Office**, which is estimated to be more than 800 years old and has been declared a **National Monument**. It is underneath this *milkwood tree* where Pedro d'Ataide left a letter in 1,500 in a seaman's boot for passing ships. Letters are still posted there today in a seaman's boot!

We continue our **travels via "Route 62"** (U.S.A version of Route 66). is an area of magnificent landscapes & towering cliffs, crystal clear streams & the abundance of trees & indigenous flora. The ever changing colours of the majestic mountains, scenic passes, rivers, vineyards and orchards, offer us an unforgettable kaleidoscope of scenic tranquility.

Route 62 takes us through the **Outeniqua Pass** an on to **Oudtshoorn, the "Feather Capital of the World"**, thanks to its huge ostrich industry.

Tonight's dinner will be served at our hotel for our relaxation. **(B / D)**

Day 08:

Today, we venture to the **world renowned Congo Caves**, where nature has sculptured magnificent stalactites & stalagmites. The Congo Caves are **one of the world's "Great Natural Wonders"**, with the world's finest stalactites, providing a magical subterranean journey through massive caverns and fascinating limestone formations. We will enjoy a tour of the main caves.

After our visit to this amazing place, you will be sure to enjoy our **visit to the Safari Ostrich Farm** for a guided tour of this working ostrich farm as well as a demonstration of these weird but fascinating birds. Warm dry summers and sunny winter days make this the ideal breeding ground for the ostrich. We may even have time to shop for various forms of local arts and crafts, including many ostrich products.

We now depart Oudtshoorn and travel to the **quaint lagoon town of Knysna**, most famous for its shopping & Oysters!! We will cross the Outeniqua Pass to Gerge, drive through the **Wilderness and the Lake District to Knysna** – the Heart of the Garden Route. Upon our arrival, we will check into our accommodation (**enjoying TWO nights**).

The amazing view of the **imposing sandstone "Heads"** which guard the sea entrance to Knysna's huge tidal lagoon, and the forests, marshes and pristine beaches surrounding it. The Knysna Lagoon is protected from the sea by a narrow channel between two sandstone headlands (the Knysna Heads), known as the most perilous entry point to a harbour in the world – it is the only harbour entry for which Lloyd's of London will not insure a vessel.

Our boat ride takes us to the **Featherbed Nature Reserve**, where we will enjoy Panoramic Views of the Town and Lagoon.
